

## Video your piece as a 'concert'

- dress up
- camera angle as per photo (show feet, face and hands - landscape is often better than portrait because the microphone is clear for filming but portrait is ok too)

- film from the right-hand side
- introduce yourself: "Hello, my name is XXX. I am playing TITLE by COMPOSER"
- take a second or two to imagine the sound and mood, then start
- at the end, lift your hands off the keys **gracefully**, turn and face the camera and say "thank you" then smile
- DO NOT EDIT THE VIDEO IN ANY WAY
- keep every video you make, and upload to your Dropbox/Google Drive shared folder, or to YouTube as an unlisted video and send the link to Jane
