Beginner Piano Courses			
<p>minidigits Beginner Piano Course (for 5 to 8 year olds)</p>	<p>The minidigits Beginner Piano Course is arranged in three units that are specially designed for Piano beginners aged 5 to 8 years and includes a certificate at the end of each unit. This is a great way to start new students and progress in small steps which considers small hands and beginner readers.</p> <p>This course explores the Piano fundamentals and music reading to expose students to a wide range of performance styles and technical challenges, carefully graded for musical development. Included are terms and challenges for listening, sight reading and composing.</p> <p>Compiled by Dr Jane Stavrinoudis, this download includes a pdf book of all units, including some colour coding for reluctant readers, the mp3 backings, general knowledge questions and answers, musical terms definitions, the scale and key signature, and a link to YouTube backings to support learning.</p>	<p>https://www.janestavrinoudispiano.com/beginner-piano-courses</p>	
<p>MidiDigits Beginner Piano Course (for teens to adults)</p>	<p>The MidiDigits Beginner Piano Course is arranged in two units that are designed for Piano beginners aged 8 years to 12 years and is easy to use. This is a great way to start new students at a moderate pace and is also useful for students who may be reluctant readers.</p> <p>This course explores the Piano fundamentals and music reading to expose students to a wide range of performance styles and technical challenges, carefully graded for musical development. Included are terms and challenges for listening, sight reading and composing.</p> <p>Compiled by Dr Jane Stavrinoudis, this download includes a pdf book of all units, including some colour coding for reluctant readers, the mp3 backings, general knowledge questions and answers, musical terms definitions, the scale and key signature, and a link to YouTube backings to support learning.</p>	<p>https://www.janestavrinoudispiano.com/beginner-piano-courses</p>	

<p>MaxiDigits Beginner Piano Course (for 9 to 12 year olds)</p>	<p>The MaxiDigits Beginner Piano Course is arranged in two units that are designed for teenage to adult Piano beginners. This is a great way to start new students at a moderately fast pace and is also useful for students who may be restarters after a break.</p> <p>This course explores the Piano fundamentals and music reading to expose students to a wide range of performance styles and technical challenges, carefully graded for musical development. Included are terms and challenges for listening, sight reading and composing.</p> <p>Compiled by Dr Jane Stavrinoudis, this download includes a pdf book of all units, including some colour coding for reluctant readers, the mp3 backings, general knowledge questions and answers, musical terms definitions, the scale and key signature, and a link to YouTube backings to support learning.</p>	<p>https://www.janestavrinoudispiano.com/beginner-piano-courses</p>	
<p>SavvyDigits Follow-On Piano Course</p>	<p>The SavvyDigits Piano Follow On Course is designed to follow-on from any of the three beginner Piano courses in the series (minidigits, MidiDigits or MaxiDigits).</p> <p>This course expands on the Piano fundamentals and music reading introduced in the beginner courses to expose students to a wide range of performance styles and technical challenges, carefully graded for musical development of the preliminary/initial grade Piano level.</p> <p>Compiled by Dr Jane Stavrinoudis, this download includes a pdf book of all units, including some colour coding for reluctant readers, the mp3 backings, general knowledge questions and answers, musical terms definitions, the scale and key signature, and a link to YouTube backings to support learning.</p>		<p>https://www.janestavrinoudispiano.com/beginner-piano-courses</p>
<p>Grade 1 Music Theory Untangled</p>	<p>The Grade 1 Music Theory Untangled Course offers a clear, step-by-step approach to understanding music theory concepts, making it ideal for both young learners and adult students on any instrument.</p> <p>The course has easy-to-follow lessons, engaging exercises, practical answers, and video explanations to establish then strengthen your music theory knowledge.</p>	<p>https://www.janestavrinoudispiano.com/theory-of-music-courses</p>	

	<p>The course includes concept sheets of explanations for note and rest values to semiquavers, dotted notes and rests, direction of stems, simple time signatures, treble and bass clefs, tones and semitones, accidentals, rhymes and notes names, leger lines, key signatures to one sharp or flat, scale degree numbers, technical names, semitones in Major scales, intervals without qualities, the three primary triads and their positions, transposing a simple melody, terms/signs and their definitions.</p> <p>The worksheets are divided into lessons with links to explanation videos and practise questions. The worksheets also include an exercise in each grade to support and guide critical listening and analysis of how the different elements of music have been used within a composition. Using musical terms, elements include: Pitch (melody, harmony) and Duration (metre, note values, tempo).</p> <p>The answer sheets give practical examples of sample answers that would be expected when sitting for a theory exam with any recognised examination body.</p>		
Grade 2 Music Theory Untangled	<p>The Grade 2 Music Theory Untangled Course builds on knowledge acquired in the Grade 1 Music Theory Untangled Course and offers a clear, step-by-step approach to understanding music theory concepts, making it ideal for both young learners and adult students on any instrument.</p> <p>The course has easy-to-follow lessons, engaging exercises, practical answers, and video explanations to establish then strengthen your music theory knowledge.</p> <p>The course includes concept sheets of explanations for Grade 1 and Grade 2 of the Major music theory examination bodies around the world. These note and rest values, direction of stems, dotted notes, simple time signatures, compound time signatures, tuplets, anacrusis, accents in words, accidentals, leger lines, rhymes for note names, tones and semitones, scales, scale degree numbers and technical name, semitones in Major and harmonic Minor scales, key</p>	<p>https://www.janestavrinou.com/theory-of-music-courses</p>	

	<p>signatures, working out the key of a melody, transposition, intervals, tonic triads and their positions, form, terms and definitions.</p> <p>The worksheets are divided into lessons with links to explanation videos and practise questions. The worksheets also include an exercise in each grade to support and guide critical listening and analysis of how the different elements of music have been used within a composition. Using musical terms, elements include: Pitch (melody, harmony) and Duration (metre, note values, tempo).</p> <p>The answer sheets give practical examples of sample answers that would be expected when sitting for a theory exam with any recognised examination body.</p>

<p>Waltz Op34 No.2 by Chopin</p>	<p>Middle Advanced Piano (Grade 7) With this Middle Advanced Piano Solo (Grade 7) you can play Chopin's beloved "Waltz (Op.34 No.2)". An autumnal mood sounds in the Waltz in A Minor, one of the three that make up opus 34 which was written in 1831. This Waltz has a quite unusual character, and it has even been called 'melancholic'. It represents that variety of the genre which, as the valse triste or valse lente, would become popular during the second half of the century with Tchaikovsky and Sibelius. Arranged by Dr Jane Stavrinoudis, this download includes a black and white pdf, a colour coded pdf for reluctant readers, general knowledge questions and answers, musical terms definitions, the scale and key signature, and a link to a YouTube backing to support learning or to perform with.
